

The Blessing Of God Through Right Alignment

(October 10, 2015)

As I was reading the Scriptures, the Lord quickened to me how many times He is talking about the importance of right position, numbers, and order. This is not politically correct but it is God correct, and God's Word.

Concerning our finances it is the first tenth of all our increase that belongs to the Lord. When released into His hands, He releases the blessing on the remaining ninety percent and makes it more valuable than the original hundred percent.

Concerning the family, the Lord says that the husband is number one, the wife number two, and the children number three. This brings peace and order to the home. Among the children the firstborn son is to be separated to God and have a special blessing.

These are examples of the order of God, and when observed, it releases the blessing of God.

However, there is one thing that can change the order of God, and that is: **Hunger for God!**

In the case of **the blessing** for the firstborn son--a type of Christ, the firstborn among many brethren--Esau was entitled to **the blessing** but did not value it enough, so it went to his younger brother.

Jacob, on the other hand, **hungered for the blessing** so much, that he risked getting cursed by his father, when he **lied to him in order to get the blessing**.

He **risked getting killed by his brother Esau for stealing the blessing**.

He **wrestled with an Angel and told him that he would not let him go without the blessing**.

Jacob put everything on the line, in his pursuit of the blessing of God!

This caused God to change and modify His holy Word and order. **Jacob became the blessed one over his brother Esau, although the blessing rightly belonged to Esau.**

The nation of Israel and the Jewish people is another example.

Israel was God's number one choice, and the other nations were to follow Israel which was the carrier of the blessing of God.

In Romans 1:16 it says that **the Jew (Israel) comes first and then the Greek (other nations)**. However, in Yeshua Hamashiakh, other nations have been accepted and been adopted as sons and daughters of the God of Israel as well, and have thereby, at times, been placed before the Jews.

This is now stirring the Jews to envy, and causing them to return to the God of their fathers Abraham, Isaac, and Jacob. Alignment with Israel will also bless both individuals and nations that obey God's word in Psalm 122:6: **"Pray for the peace of Jerusalem, they shall prosper that love thee."**

There is a great awakening to God upon the Jewish people and Israel, as they are stirred to envy by their adopted brothers and sisters. The Word of God says that **"salvation has come to the Gentiles to make Israel envious."** (Romans 11:11)

It is NOW time for an anointing of the supernatural power of God to come on the JEWS.

So the importance to submit to the order and structure of God is preeminent, since it releases the blessing of God, and glorifies God. The blessing that makes life worth living, and opens the door to the miraculous power of the living God of Israel. This is also for other peoples and nations that will make Adonai their G-d, through the blood of the Lamb. Revelation 12:11: "And they overcame him through the blood of the Lamb and through the word of their testimony."
