Church in Göteborg and the Country of Sweden

(May 2009)

I saw a man walking across Redbergsplatsen in Göteborg, Sweden. The man represented the Body of Christ. I could see his pants and belt very well. He had a big key ring with many keys. One of the keys was very large. This speaks about unity in the body of Christ through forgiveness, redemption, and reconciliation. The other keys were divine revelations and secrets that the Lord gave through His Spirit during our AUI meetings in Sweden in May 2009. These keys, when put into usage, will bring a move of God's Spirit, not only to Göteborg, but also to the whole country of Sweden.

I will give you the keys of the kingdom of heaven. (Matt. 16:19)
