**What do you see for 2010?**

(January 26, 2011)

1. I can see that the assault of the spirits of Islam against the US and Israel will grow, but at the same time the outpouring of God's Spirit and angelic activity will increase even more. More demons have come out of hell to destroy, and more angels have come out of heaven to help save.
2. The US will have terrorist attacks on the homeland and the beginning of a Spiritual awakening of the Church.
3. More Muslims will accept their salvation this year than in the last 10 years combined.
4. World-wide, more people will get saved, healed, and delivered by the power of God this year than in the last 10 year combined.
5. More people will be blessed financially and come out of debt this year than in the last 10 years combined.
6. The Lord will also raise up new and radical ministers that will not fear anything or anyone but will preach the Gospel of the Kingdom, no matter what happens to them.
7. More ministers and Christians will be martyred for their faith this year than in recent times.
8. The western Church will start to cry out to God for radical leaders, like in the day of Moses, to be raised up by God and to bring authority and deliverance to the Church. Apostolic order and prophetic revelation will be more accepted.
9. Some corrupt ministers and ministries will be exposed and judged as the truth comes out about their hidden sin and corruption.
10. Revival will break out in new places and nations, even in Europe, and the persecution against Christians will increase, but so will signs and wonders.
11. Some lukewarm Christians will give up their fight against sin and go over to the enemy camp because of the persecution.
12. The Glory will become greater and the darkness will become darker.
